Selectmen of Alexandria

SELECTMEN'S REPORT

Another year has escaped beyond our clutches—admittedly, a year difficult for all to have kept abreast, month by month, with the trotting costs of living.

Townward, taxes were a degree higher yet fortunately not as high a hurdle as some of our neighbor towns were confronted with. All considered, our town fared successfully. The adage for our future's balance could well be cooperation of all department heads, along with the confidence and Yankee ways of our people.

In the road department, sensible foresight by the road agent towards preventive work on roads and machinery was planned and carried through. Quantities of gravel and culverts installed and rocks constantly removed in the attempt to ease travel and to lessen the cost of plowing. Here the grader proved itself indispensable.

Besides displaying its versatility, the grader has proven itself to be self-sustaining. When the road agent has not required its use it has been a welcomed piece of rental equipment. These rents have cancelled out all costs of repairs, tires and parts; followed by the bonus of free work on our own roads and fairly steady employment to some of our taxpayers. It has given a new lease on life to the D-6. Beyond that a substantial amount of profit. A portion of this profit is expected to be used to black top and improve the Tenneyville section. We of the board and the road agent wish to emphasize the value of this machine with the hope that heedful consideration will be given to the capital reserve fund for new equipment. All machinery depreciates and diligent planning now will reward itself at the time of replacement purchase.

Another mile plus of black top was laid giving us a 4-mile/4-year total. Wonder how this contrast seems to

the people in No. Alexandria? This coming year only sealing will be done—as the plans are to gravel, ditch, and widen from Bockus Hill to the far end, near the top of Cole Hill. After that is accomplished, follows the start of Cass Mill Road or one year for consideration to our side of Bristol Hill since this is our most expensive mile or so to maintain.

The A. M. C. is paying according to their agreement. For as much as this club is entirely tax exempt, Alexandria is fairing with more consideration than towns with similar circumstance.

The town hall is equipped with its heating system and meetings are comfortable now. The installation has been complimented by many.

If the water rights are approved, we can progress with toilet facilities and kitchen running water and make our town hall a building to be proud of.

Right to Know Law—one the selectmen here are entirely in favor of. In the same vein, we approve heartily of the taxpayers who feel free to come to our Thursday meeting and give voice to their laments. More can be settled this way than mountain and dale disgruntles; sometimes mixed with the hailstones of gossip. The selectmen cannot realize the viewpoints of the people that way. And the voice of the people count.

In this town report will be found the Assessment List. This is a new feature which we plan to continue each year for convenience of public record.

Your Selectmen,

CLYDE MOSHER

ROBERT AKERMAN

GLENN SARGENT

PUT YOUR TOWN ON THE MAP

This town may have what it needs
when its citizens

"PULL TOGETHER"

Two fool jackasses—Say! get this dope—
Were tied together with a piece of rope.
Said one to the other "You come my way,
While I take a nibble at this new mown hay."
"I won't!" said the other "You come with me,
For I too have some hay, you see."
So they got nowhere, just pawed up dirt,
And ch. by golly that rope did hurt.
Then they faced about, these stubborn mules,
And said, "We're just like human fools."
"Let's pull together, I'll go your way
Then come with me and we'll both eat hay."
Well, they ate their hay and liked it too;
And swore to be comrades good and true.
As the sun went down they were heard to bray:
"Ah! This is the end of a perfect day."

Now get this lesson, don't let it pass—
Learn this one thing from the poor packass:
We must **pull together** 'tis the only way
To put a Town on the Map and put it to stay.

HAYNES MEMORIAL LIBRARY**Librarian's Report**

This year we were again fortunate in awarded friendships; in these days of inflated costs a small library without friends certainly couldn't survive. A cycle of worthwhile books available is the requisite for faithful patronage. Times have changed from the days when a library was merely a dozing building and Librarian's

Almanacs (1774) stated, "It were better that no person enter the library (save Librarian Himself) and that books be kept in safety . . ."

Our acquisitions are not listed in this printed report due to space but they have been choice. Betwixt new purchases and benefactors such examples as "Masters of Deceit," "By Love Possessed," "Winthrop Woman," "Anne Frank," "Aku Aku," "Investment Companies '58," etc., are available; and authors such as Dostoevsky, Huxley, Kipling, Buck, Shellabarger, etc, further represented. One of our trustees, Miss Plummer, initiated the interest of PTC in our behalf. Among their appreciated gifts is included the usage of a late issued encyclopedia to modernize our research section. Such books are imperative for a library yet cost prohibitively

Purchased books have attempted to supplement those not as readily available from sources such as bookmobile and inter-library exchange; and at the same time chosen for long-range appeal. The high school book report section has been expanded especially in travel category which was the most derelict. Children's book purchases dwelt on drawing and handicrafts for we seemed to have many budding artists.

Inter-Library Exchange:

The bookmobile (new trucks are a treat in library-on-wheels design) really vitalizes our selection. During winter it continues at schools and requesting adults have also received material. It is well to remember, too, that any book in the state is available through the state library; special postal consideration.

"Puritan Dilemma, Story of John Winthrop" courtesy of N. K. Wadham's fund. Gross proceeds from Town Meeting day luncheon were used towards purchase of plasticleer covers, postage and leather preservative.

Miscellaneous Notes:

We have spent more than ever in the history of the library on books—but still less than the average home-egghead would for a book a month and a few subscriptions. Interesting to note that the average cost of a novel in 1941 was \$2.58, biography \$3.30. In 1957, the average cost for all books, including skinny juveniles, was \$4.46.

Discards nearly approximated our accessions. Discarding was concentrated in ante-room where shelves were feeling the weight of ceaseless annual periodical from every organization—almost to the extent of who was riding in railroad caboose No. 999 in Ohmygosh way back every year! Aid in evaluation was a listing prepared by State Extension.

Story Book Hour was held almost every summer Saturday. A version of "Hiawatha" was the favorite selection according to encore requests.

Needed repair, consequented by ice damage, was done to building. Here's to the hope that the slate roof may always be preserved for it seems as New England as covered bridges, stone walls and red barns.

New patrons are invited to browse, to enjoy our benefits, to have patience with what we lack, and to ho'd hope with us.

Respectfully submitted,

CORINNE B. MOSHER

SUPERINTENDENT'S REPORT

This is another legislative year in Concord and we should watch carefully those bills which may effect us directly or indirectly. It is almost safe to say that any increase in state aid either under the existing formula or under new provisions, such as a per pupil amount, would be beneficial to the Alexandria tax payer. Everyone should be interested in these items and should let the local members of the General Court know how they feel about various bills.

The average salary of the classroom teacher for the current year is \$4,151, an increase of \$263 over the previous year. Any district making less than this amount as an increment is losing ground on a competitive basis. In the long run this will have an effect on all of us in Supervisory Union No. 4.

Rather than repeat parts of previous reports, I suggest that those particularly interested in school affairs re-read these reports most of which are applicable to Alexandria's problems.

Respectfully submitted,

C. MAURICE GRAY,

Superintendent
